

# Altos

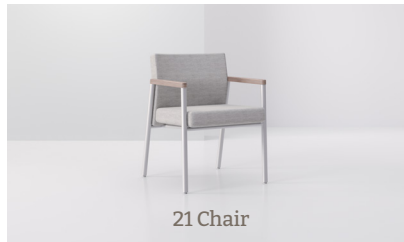

plural:

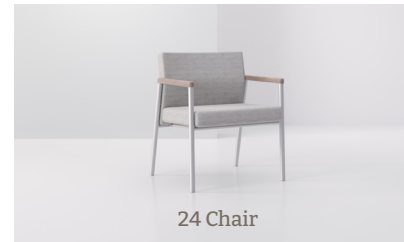

## Altos

Altos is a fresh approach to highly adaptive guest, bariatric, and easy-access chairs with coordinating tables. When it comes to function, Altos is in a class of its own with a strong steel frame designed to withstand a lifetime of intensive use. Wall-saver legs and back design prevent wear and damage to both the chair and interior surfaces. Seat construction features an integrated clean-out design, and high-density foam and webbing provide superior comfort with an extended lifecycle. Altos' Easy-Access Chair is designed for hip surgery patients and other applications with a higher seated position for ease of sitting and egress. Altos is designed to perform with a 500 lb. weight capacity for chairs and 800 lbs. for the settee. Altos also features coordinating side and occasional tables to complete the collection for ultimate application flexibility.

## Altos Series Features

### *Steel Frame*

Durable steel frame construction that supports a 500 lb. weight capacity for chairs and 800 lb. capacity for Settees.

### *Wall-Saver Legs & Back*

The design includes wall saver back and legs to prevent wear and damage to both the chair and interior surfaces.

### *Clean-out*

Push-through clean-outs between the seat, arms and back insure ease of cleaning and maintenance.

### *Field Replaceable Upholstery:*

All cushioned products feature standard field-replaceable upholstery to easily create a healthy and sustainable choice for healthcare seating.

## Altos Series Options

### *Arm Caps*

WALNUT OR WHITE OAK

**Brian Graham**  
**Rochester Product Designer**

In 1999, Brian founded Graham Design in San Francisco. With a professional evolution from interior designer to product designer, Brian provides a strategic approach in the design, development, and marketing of furniture and products. Graham's design solutions have been recognized by some of the most prestigious design organizations; including the American Institute of Architects (AIA), the International Interior Design Association (IIDA), the Industrial Design Society of America (IDSA), Chicago Athenaeum Museum of Architecture & Design GOOD Design Awards, and the International Facilities Management Association (IFMA). When he's not sketching ideas for new products, you might find Brian teeing up on the front nine or confabulating about the uniform designs of copious sports teams with fellow birdie-seekers at his perennial favorite hole – the 19th.

## Image Specification Glossary

### FRONT COVER

#### COMPONENTS

- 1 - 21 Chair
