

Dayton

Occasional Table Series

plural:

Dayton

Designed by David Allan Pessa, Dayton tables bring a sophisticated residential sensibility to the high-use institutional setting, whether corporate, healthcare, or hospitality. Elegantly tapered oval, square, and round tops seem to float above the gracefully angled steel bases, in a minimal design that can stand alone or cluster into groups.

Lightweight yet solid, Dayton end tables are easily pulled up for use as impromptu work surfaces. Cocktail tables impart an anchoring presence in seating groups, as they keep beverages, tech tools, books, and other items close at hand. Tops are available in Plural's exclusive palette of wood veneer, solid surface, and high-pressure laminate options. The table's steel-rod base is available in any of our 13 powder-coat finish colors.

David Allan Pessa

David founded New Studio in 1989 as a design firm specializing in product design, development, and licensing for major commercial furniture brands including Darran, Geiger, Jasper Group, KI, Kimball, MillerKnoll, Nemschoff, Steelcase, and Tuohy. He takes particular pride in designing products that embody each brand's DNA. In addition to licenses for more than 350 original designs, he holds 24 U.S. patents. Based in Scottsdale, Arizona, David is an avid Ducati motorcycle collector and rider, having logged more than 200,000 miles in the past six years.

Plural creates beautiful, adaptive, and sustainable furniture that facilitates healing, business, and hospitality. The talented collaborators who design Plural products, and the people who specify and use them, inspire the mantra that guides all we do:

More than one.
