

Care and Maintenance

Wood Surfaces

Clean wood surface with a soft, water-dampened cloth and mild, non-detergent soap. Rinse with a clean, water-dampened cloth and dry gently with a clean, soft cloth. Do not use ammonia-based cleaners, waxes or polishes on wood surfaces.

Metal Surfaces

Clean metal surfaces using a soft, damp cloth and dry with a clean, soft cloth. A water-dampened cloth and mild, non-detergent soap can be used. Rinse with a clean, water-dampened cloth and dry thoroughly with a clean, soft cloth.

Solid Surfaces

Please refer to the Wilsonart website for specific information about Wilsonart solid surfaces.
